**ONLY CLASSES scheduled  
for 2011/2012!!!!**

# INSTRUCTOR PROFESSIONAL DEVELOPMENT 2011/2012

This Instructor Professional Development Program covers PA DOH Module II & III. Sessions are open to all certified EMS Instructors. In Module II, students will review essential educational concepts and approaches used in today's classroom. We will discuss how to recognize and use group dynamics in your classroom and discuss how changes in the national scope of practice will affect you as an instructor.

Module III is designed to help instructors with psychomotor skills. In this module, each instructor will view a series of videos showing instructional approaches in teaching psychomotor objectives. Instructors will participate in a practical setting reviewing skills as an instructor, a patient actor, an EMS student, or a bystander.

## Course Sponsored by the Emergency Medical Service Institute

Due to the substantial cost to offer this program, there is a \$50 site fee per participant to reserve space in the class. Participants who attend the entire program will have the site fee refunded in full. Participants who cancel 10 calendar days or more prior to the first day of class will receive a 50% refund of the site fee (\$25). Participants who cancel less than 10 days prior to the class or who do not attend all required hours of the class forfeit the entire site fee and will not receive a refund of any amount. Site fees are not transferrable between classes or students. If the program is cancelled by EMSI for any reason, the site fee will be fully refunded to the participant.

### Participants must pre-register
